General Information about Capital Credits

SREC is an electric cooperative and our members earn capital credits based on their individual electric usage when we have margins; revenues greater than expenses in a fiscal year.

Capital credits are held by SREC in a member's membership account, which includes the balance of capital credits earned for all of their accounts.

Capital credits are used as working capital for new construction and system improvements and are only refunded when SREC's Board of Directors approves a general refund of capital credits to all members.

When a member passes away, their estate may be eligible for a special final lump-sum capital credit estate refund.

For more information, please call 607-776-4161 or 1-800-843-3414.
